The U.S. Probation Officer is notifying the Court by way of this report that Ramirez has still not commenced his home confinement because of his delay in establishing telephone services at his residence. As the Court may know, location monitoring is conducted through the utilization of a basic telephone line at the individual's residence. In this instance, Ramirez has advised that he has an installation appointment with Comcast scheduled for 6/21/16 at his residence. After the installation of services has been confirmed, this officer will immediately install and commence location monitoring capabilities in compliance with the Court's modification order.

If additional unforeseen delays develop, the Court will be further notified with a possible recommendation for some alternative action.
